

Guam MACC Builders Joint Venture Awarded Contract

(N62742-10-D-1309) for the design and construction of an emergent repair facility at Naval Base, Guam

Guam MACC Builders A Joint Venture, Honolulu, Hawaii, is being awarded \$25,692,000 for firm-fixed-price task order 0004 under a previously awarded multiple award construction contract (N62742-10-D-1309) for the design and construction of an emergent repair facility at Naval Base, Guam. The work to be performed provides for the design and construction of a low rise (two-story) addition to the existing emergent repair facility. The project will expand the existing two story reinforced concrete structure with pile foundation, reinforced concrete walls and roof structure, and beam column frame. Built in equipment includes a passenger/freight elevator, an overhead crane and an emergency diesel generator and a radon mitigation system. The task order also contains one unexercised option, which if exercised would increase cumulative task order value to \$28,007,544. Work will be performed in Santa Rita, Guam, and is expected to be completed by May 2016. Fiscal 2010 and 2014 military construction, Navy contract funds in the amount of \$25,692,000 are being obligated on this award and will not expire at the end of the current fiscal year. Four proposals were received for this task order. The Naval Facilities Engineering Command, Pacific, Joint Base Pearl Harbor-Hickam, Hawaii, is the contracting activity.
